THIN CLADS OF W. T. POINT TO BIG MEET HERE

ONLY THREE LETTERMEN OF LAST SEASON BACK

Burton Faced With Big Problem of Building Team With Green Material

The same obstacle which has confronted the Buff mentors in building a football team and a basketball team during the past several months has been before Coach Sad Sam Burton since he started his training camp for thin clads several weeks ago. The obstacle is building a winning team with practically a complete line-up of green material. The hopes for the cinder path men is very dim as only three lettermen of last year's squad are back on the path this year. Eleven reserves of 1930 have returned this year.

The three lettermen who are on the squad hold places in meets held last season and are expected to add several points to Buffalo scoring. Clyde Keith finished third in the 440-yard dash at the Great Plains meet last year; L. B. Penick took first place in the half-mile at the Texas Tech meet in 1930, and Red Swofford of Arkansas, carried off the leading position in the two-mile run at Roswell last season. Keith is going into his second season with the Buffs; Penick will again enter the half and will probably run the mile. Swofford, also a second year man, leads the hopes of the squad, having trained all year, and is now in almost perfect condition.

Among those who failed to letter last year by only a few steps and on whom Sad Sam Burton, Buff mentor, places hope for the bulk of his cinder teams are Leon Penick, Canyon; Glen Daugherty, Canyon; A. Covington, Canyon; Carl Harris, Canyon; Lewis Shirley, Canyon; Leonard Britt, Canyon; Slim Cooper, Panhandle; Bob Clark, Turkey; Guy Richards, Ralls; Cyrus Terrell, Kirkland, and Frank Monroe, Canyon.

The prospective stars have been in training for several weeks. Leon Penick is clipping off the high and low hurdles; Daugherty steps the half-mile and quarter-mile; Covington shows good form on the mile, and Cooper is tossing the shot and discus. Clark shows speed and form on the 100 and 220-yard dashes, and Terrell and Richards are at work on the quarter. Shirley trims the high hurdles, and Britt is throwing the javelin.

As yet, Burton has not discovered a pole vaulter.

Major interest for the trackmen of West Texas is centered in the annual Great Plains invitation Track and Field meet to be held here under the bright lights on May 1 and 2.

A number of inquiries regarding the meet and entrance blanks have been received by the college officials in charge of the meet. Sixty-five colleges in the southwest have been invited to send teams here for the Great Plains meet.

Among those sending inquiries and entrance blanks are: New Mexico Military Institute, Roswell; Central Teachers, Edmunds, Okla.; Tech, Lubbock; New Mexico University, Albuquerque; Randolph College, Cisco; McMurry, Abilene; Panhandle A. & M., Oklahoma; and others.

Several From Here to Attend Club Convention

Canyon will be well represented at the annual convention of the Seventh District Texas Federation of Women's Clubs which meets at Memphis, Monday, Tuesday and Wednesday of next week.

Mrs. J. A. Hill is chairman of the American home department, Mrs. T. V. Reeves is chairman of the public welfare department, and chairman of the nominating committee.

Mrs. E. D. Harrell is delegate for the Women's Book club and Birda Ann Hastings will represent the Home Economics club of the college.

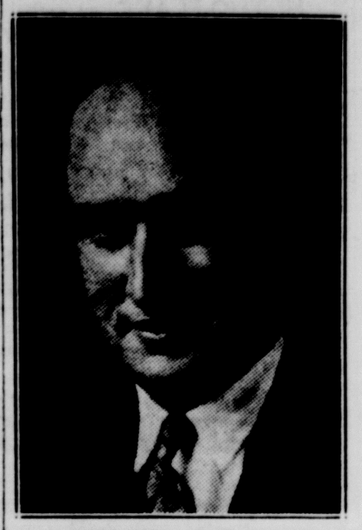
President Hill will give an address on the president's evening program.

UNDERGOES OPERATION

Word was received here this week that Jacob Spitzinger of Happy, formerly of Canyon, is in a serious condition at the St. Anthony hospital in Amarillo following a major operation performed the first of the week.

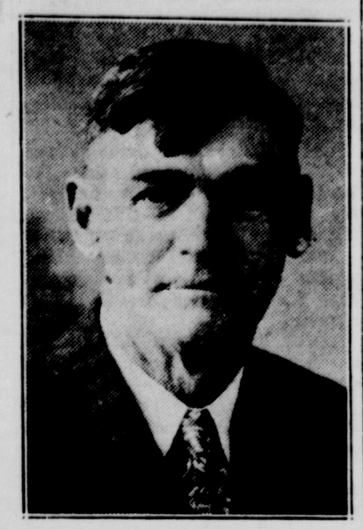
Claude Newton Harrison, Jr., left this week for Mount Dora, N. M., where he will be employed by the Santa Fe for some months.

MEMBERS SCHOOL BOARD ARE RE-ELECTED



DAN F. SANDERS.

ALBERT BARNETT.



R. O. ALLISON.

Re-Elect Three Members School Board Saturday

Three members of the Canyon Independent School District were re-elected, without opposition, Saturday. Under the new Texas law these trustees will hold office for a period of three years instead of the customary two years as in the past.

Ninety voters in the district went to the polls Saturday and voted. Only the names of the trustees whose terms expired this year were printed on the ballot. In only one instance was the name of a candidate scratched and another name written in. The returns were as follows:

Dan F. Sanders	90
Albert Barnett	90
R. O. Allison	89
L. A. Donnell	1

J. M. Redfearn presided as judge and Frank Shotwell and Hud Pritchard were clerks in the election Saturday. Officers of the school board will be elected at the next meeting.

Other members of the school board are R. E. Ball, E. Burroughs, W. H. Stroud and T. V. Slack.

Hereford Chorus To Give Cantata Here Sunday Eve

The Hereford Municipal Chorus, directed by Ardelle S. George of Canyon, will present the cantata, "Calvary" in Canyon on Sunday evening, April 12. The cantata will be given at the auditorium of the Administration building at the college, at 8 o'clock.

This chorus rendered the cantata at Hereford last Sunday evening and it was so popular that the invitation has been extended for the rendition of it in Canyon. The chorus is not a strange one in Canyon as an Easter cantata was given at the First Baptist church here last year.

Earl Roberson is bass soloist, Mrs. Harry Seed, accompanist, and Ardelle S. George is director for the chorus. During the evening a group of two numbers will be given by a violin trio composed of Mrs. A. C. Thompson, Mrs. Paul Foster, and Ralph Smith, with Miss Rosella Veasey as accompanist.

Members of the chorus are:

Sopranos: Mrs. Homer Fox, Mrs. D. H. Alexander, Mrs. Jesse Stanford, Mrs. E. P. Gieser, Mrs. Ray Coneway, Mrs. H. K. Whaley, Mrs. Artis Daniel, Mrs. Vern Witherspoon, Mrs. J. B. Jones, Mrs. Carl J. Mountz, Mrs. W. A. Robinson, Mrs. E. E. Fridley, Miss Norine Culwell, Miss Frances Dameron, Miss Ursalee Fridley, Miss Dean Coody, Miss Nell Hall, Miss Bertha Dameron, Miss Ruby Faye Bennett, Mrs. J. E. Beyer and Mrs. C. C. Ferguson.

Altos: Mrs. Alex O. Thompson, Mrs. Alvin C. Thompson, Mrs. H. H. Hawkins, Mrs. H. C. Van Bibber, Mrs. Earl Roberson, Mrs. H. L. Broadwell, Mrs. G. A. F. Parker, Mrs. G. M. Mudson, Mrs. C. H. Dyar, Mrs. Elmer Dameron, Mrs. C. R. Smith, Miss Edah Park, Miss Mary Broadwell and Mrs. H. D. Reed.

Tenors: J. L. Sharman, J. E. Beyer, A. M. Jones, I. H. Spratt and F. M. Kester.

Basses: E. B. Black, R. J. Richardson, J. H. Brooks, A. A. Ott, Earl G. Roberson and John H. Olson.

Sunny Hill Wins First Honors In County Meet Here

The Randall county meet of the Interscholastic League held at the college Friday and Saturday after being postponed for a week concluded with the literary events in the auditotrium of the Education building Saturday night.

Sunny Hill won first place and championship honors in the meet. A combined total of points won on athletic and literary events gave that school 183 points. The schools in the meet placed as follows:

Sunny Hill	183
Zita	100
Tierra Blanca	60
Palo Duro	56
Umbarger	45
Connelly	25

Honors in the school fair held in connection with the county meet were won by Umbarger with Palo Duro second and Sunny Hill, third.

Those in charge of the meet have expressed great satisfaction at the outstanding success of meet this year. Rex Roby, in charge of the athletic division of the meet, stated that the aid and co-operation of the college authorities and those who assisted in judging the events was greatly appreciated by the county league officials.

The following Canyon firms and individuals contributed to the fund to defray expenses of the meet: Thompson Hardware company, Judge S. B. Orton, Warwick Printing company, Burrow Lumber company, Foxworth-Galbraith Lumber company, The People's Store, Canyon Tailoring company, John Fry, Mrs. Berl Mayfield, Mrs. O. L. Coleman and Britains Studio.

District Endeavor Meet To Be Held In Canyon May 8-10

The Christian Endeavor convention of the Panhandle will convene in Canyon May 8 to 10, with the Endeavor societies of the city acting as hosts to the convention. It is estimated that there will be two hundred or more delegates here at that time. These will come from the Endeavor societies over the entire Panhandle.

Among the prominent speakers who will appear on the three-day program are: Harold Singer, Topeka, Kan., midwest secretary of the Christian Endeavor; Harold Lovett, Dallas, state secretary of Christian Endeavor; Miss Hattie Mae Wood, Amarillo, state president, and Miss Bertha Lea Wood, district president.

Dairymen Held Regular Meeting Tuesday Night

At the regular monthly meeting held in the courthouse Tuesday night the Dairymen of Randall county passed a resolution to secure as many signers to a petition and present it to the members of the state legislature from Panhandle urging that they support the bills now before the state legislature for the benefit of the dairying industry.

The next meeting will be held in Amarillo it was decided at the meeting Tuesday night.

The report of the secretary was read which gave a detailed account of the financial condition of the organization as well as the cost of the banquet held several weeks ago.

A report was heard from an investigating committee which was instructed to continue their work.

Mr. and Mrs. T. A. Kay and son visited in Lubbock, Sunday.

Berryhill Will Study in Paris During Summer

Announcement is made of a district honor which has been bestowed upon Robert H. Berryhill, acting head of the piano department of the West Texas State Teachers College. He has been accepted as a pupil in the Fontainbleau School of Music, in France to study with M. Isidor Phillips, one of the world's greatest piano pedagogues.

Phillip is a pupil of George Mathias, one of the foremost pupils of Chopin, and a composer and pianist of international repute.

Mr. Berryhill is a graduate under Dr. E. D. Hale of Colorado College, and since has studied under Wagner Swayne of Paris; Moissaye Boguslawski, in Chicago, and in 1925, he won a scholarship with Sigismund Stojowski, one of the three recognized pupils of Paderewski.

Since September of last year Berryhill has served as acting head of the piano department of the college in the absence of Miss Pauline Brigham who is away studying this year. He has been heard in a number of concerts given this year.

Berryhill will sail shortly after the close of the spring quarter and after a short tour of the Netherlands will arrive in Paris for the opening of the school on June 25.

Rotarians Hear Rev. Snodgrass Speak Tuesday

Using the Olympic relay races of ancient Greece as a comparison Rev. R. G. Snodgrass, pastor of the First Christian Church of Amarillo spoke to the Rotarians Tuesday, on the subject of keeping the fire of our race alive. The membership committee was in charge of the program.

In the days of ancient Greece when the Olympic relays were held the racers carried burning torches and in order to win the race the racers must not only have speed but be able to keep the torch burning, Rev. Snodgrass stated.

The same is true with our race and civilization today, he declared. With all our speed and modern inventions, unless we keep the torch ablaze all our efforts come to naught.

Among the things that would keep the civilization alive he mentioned are, keeping the spirit of local partiotism alive; develop fellowship and community development; build manhood and community behavior; and the spirit of service and humantarian endeavor.

Visitors present were: J. F. Sanders, C. K. Rogers, Harry Kearns, W. S. Norman, H. A. Nobles and R. C. Snodgrass all of Amarillo.

Local Attorney Is Appointed as Judge

W. I. Gamewell, Canyon attorney, who moved here from Dallas last June, has been appointed to serve as judge of the 114th district court during the absence of Judge Clifford Braly from the bench. Judge Braly, who lives in Pampa, has been ill for several weeks and has gone to Mineral Wells for his health.

Court at Stinnett was reconvened on Monday with Gamewell presiding.

Mrs. Ed Hazelton and son, Howard, of Los Angeles, were overnight guests in the Dan K. Usery home Thursday. They were en route home after a business trip to Guymon, Okla.

RANDALL HERDS TAKE RIBBONS AT DAIRY SHOW

HALES HERD SWEEPS LIST OF PRIZES

Watson Cow Takes High Honors in Production Contests; Club Boys Win.

Randall county exhibitors at the Panhandle-Plains Dairy Show at Plainview this week have won a liberal share of the prizes offered there.

In the production contest, J. W. Watson, master dairy farmer of the Panhandle won first place with his entry in the two-year-old cow class and first in the class of cows three years and under four. His entry in the latter class, Lady Rozette Pauline, was high cow of the whole production contest, winning the coveted title of grand champion production cow. She produced 49.5 pounds of milk with a test of 7.25 butterfat content and 3.3265 pounds of butterfat in one day.

H. B. Hales, another Randall county exhibitor had two entries to place in the production contest. These placed third in the class of two-year olds and sixth in two-year-old and under three.

Sons of H. B. Hales won all the money in the Holstein class of the Club Boys division of the show. R. J. Hurst's entry in the Jersey class of the boys division won fifth on junior heifer.

J. W. Watson took first place in the junior bull calf division on Brindles Prudence Prince 328785. He won fifth on a two-year-old and sixth on a three-year-old cow. Both of these were registered Jerseys.

The herd of Holsteins owned by H. B. Hales and sons swept the field with a long list of winnings for the third consecutive year. They won first place on graded herd; first on county herd; first on get of sire; first on produce of dam and second on produce of dam. Mt. Riga Boss Fobes, a three-year-old bull, took first place, senior and grand champion of the show. A cow in the five years and over class took second place; one four and under five, owned by R. P. Hales took second place; a Hales cow two years and under three took first place; in the open class R. P. Hales won first place with a heifer 18 months and under two years; in the open class also, Joe Vern Hales, won first place and junior champion on a heifer 12 months and under 18. One other second place and a fourth place was won by heifers from the Hales herd.

Blind Bogey To Open Golf Season At Canyon Club

To open the golf season at the Canyon City club, Sunday afternoon, April 12, the club is sponsoring a Blind Bogey and Tombstone tournament for the members who play golf. The tournament is being planned by T. V. Reeves, chairman of the golf committee of the club.

In this tournament all members who play golf are expected to take part, members of the committee in charge state. The "dubs" will have an equal chance with the "experts" to win. The tournament will begin at 1:30 sharp.

It is expected that the tournament will attract an unusual amount of attention as it is the opening of the golf season, the first tournament of the year and the first blind bogey tournament ever held by the club. A prize list for the winners is being arranged.

President Hill Busy Speaking At Various Meetings

President J. A. Hill left this morning for Lamesa where he will be the principal speaker on the program of the Ninth District P.-T. A. meeting tonight. He will return in time for a meeting of the directors of the Panhandle-Plains Historical Society tomorrow morning at 10 o'clock and the other sessions of the organization during the day.

On Saturday, Mr. Hill, together with Dean R. P. Jarrett, will attend the meeting of the Northwest Texas Teachers Association at Lubbock.

On Monday Mr. Hill goes to Memphis where he will give the principal address of the evening program of the Seventh District Texas Federation of Women's Clubs.

ANNUAL MEETING PANHANDLE-PLAINS HISTORICAL SOCIETY BEGINS AT 11 O'CLOCK FRIDAY

Eleventh Annual Session of Society Will Be Held At College—Banquet Friday Evening at Cousins Hall.

When President T. D. Hobart, calls the eleventh annual meeting of the Panhandle-Plains Historical Society to order tomorrow morning it is expected that scores of the early settlers, who braved the hardships to develop the Panhandle from a wild prairie to the wonderful land it is now, will be present for the day's program.

The program of the day, which is divided into three sessions, is complete and indications are that the meeting will be one of the best since the organization of the society. Climaxing the meeting is the annual banquet which will be held in the dining room at Cosins Hall Friday night. President Hobart will be toastmaster for the occasion.

The banquet is always regarded as a highlight of the meeting and the program for this year is very interesting. The programs were printed in the printing department of the college and bear a cover design showing a visionary picture of the museum to be erected in the background, and articles representative of the pioneer southwest shown in the foreground. Miss Robinson of the college drew the etching for program cover.

Organized eleven years ago with 40 charter members, the Panhandle-Plains Historical Society has grown until it now has almost 200 members with 90 of these paid up life members of the society. The first banquet was attended by 23 people, while reservations sold up to last night included more than 175 people. At 2 o'clock Friday afternoon the memorial program, honoring the memory of the departed pioneer members who have died since the last meeting, will be held. The deceased members to be so honored this year are Eugene Blasdel, Mrs. George Whittenburg, Judge O. R. McMordie and Judge O. H. Nelson.

People are expected to be here from all sections of the Panhandle and other states. The first editor of a newspaper in Canyon has been extended a special invitation to attend, but yesterday it was not definitely known whether or not he would be here.

The following is the program for the meeting:

Morning Session

Auditorium Administration Building. President J. A. Hill, presiding.

America, audience and the college band.

Welcome to visitors—J. A. Hill.

Special music.

Introduction of P. P. H. S. officers and others.

BUFFALO BAND PLANS TRIP

The Buffalo band of the college, under the direction of C. E. Strain expects to make a trip April 16 and 17. Towns to be visited during the two days will be Hereford, Friona, Bovina, Texico, Dimmitt, Tulia and Happy.

About 28 boys and girls will make the trip, and several solo and specialty numbers will be a part of the program given each place.

Guests in the parental W. S. Myers home over the week-end were Mr. and Mrs. Calvin Myers and son, and Mrs. Lillian Daffern of Plainview and Mrs. Locha Mae Doak of Amarillo. Mrs. Daffern arrived early last week.

Will Get Degree

PAULINE BRIGHAM

Brigham to Get Degree at U. Of Washington Soon

Miss Pauline Brigham, head of the piano division of the department of music of the college, will return to her work here for the summer session after an absence of nine months for study.

Miss Brigham has been attending the University of Washington and at the end of the present session will receive her master's degree, her graduate study having been done in the theory of music.

It is expected that Miss Brigham's work will be heavy during the summer months as many of her former pupils are making inquiries about her return. She will be on hand at the beginning of the session, June 3.

College Faculty Members to Judge Panhandle Meets

School activities over the northwest part of Texas are taking many members of the college faculty out of town this week. On Tuesday and Wednesday F. E. Savage, Carl York and L. S. Baker were in Lipscomb county conducting the County Interscholastic meet.

C. A. Murray, Miss Isabelle Robinson and W. C. White will officiate at Dumas on Friday, and R. A. Terrill, Michell Jones and Wallace O'Keefe at Spearman on Friday and Saturday. Friona will use C. A. Pierle, W. W. Lee and Miss Margaret Justice on the last two days of the week.

Miss Richardson, T. B. McCarter and Mrs. Travis Shaw, judges at debate in Amarillo Wednesday night, and Miss Edna Graham, Dr. Harris M. Cook and Frances Trammell are to judge there on April 14. S. H. Condron and two others will compose a team to judge oratorical contests in Amarillo April 15.

D. A. Shirley, Albert Barnett and Miss Charlton spent last Friday and Saturday in Clarendon judging the events of the county meet, and Mrs. Montfort, Nell Walters and W. L. Vaughan spent Friday afternoon and evening at Wildorado assisting in the Potter county meet.

Members of the college faculty receive no pay for these trips, only their actual expenses being paid. The trips are made as a part of the service which the local institution renders to the schools which are within reach of it.

LOCAL CONTRACTOR BUILDING HAPPY GARAGE

C. Shuman, local contractor, is constructing the new $15,000 garage building of the Happy Motor Company at Happy. The new building is located on the main street of Happy at the intersection with highway No. 9. Work on the building was begun last week. T. L. Fore is manager of the Happy Motor Company.

GETS .69 INCH RAIN

Canyon and vicinity received a rain amounting to .69 of an inch which fell late Wednesday afternoon and Wednesday night. The rain is said to be general over the county and was well received by the farmers.

MAJOR PROBLEMS UNSOLVED
By CLYDE W. WARWICK
(Representative 122rd District.)

With five weeks left of the regular session of the 42nd Legislature a majority of the major problems which were on the calendar at the beginning of the session remain yet unsolved.

The complex nature of these problems is such that it takes a great deal of time. Take for instance truck regulation which has consumed the greater part of this week. The truck operators claim that the railroads are attempting to put them out of business.

The railroad employees are fighting the railroads to keep them from having any part in truck regulation.

The farmers are afraid that truck regulation will hurt them and injure their market opportunities if too stringent regulations are adopted.

There are those in the state who would exclude from the highways entirely trucks and busses. On the other hand there are many who would turn the trucks and busses loose to use the highway as they please in competition with the railroads.

The greatest problem is to regulate these highway carriers, but at the same time be fair to all parties concerned; that is, to the truck owners, the railroads, and the people who are paying the cost of the highways.

The above is given as an example of the complicated questions which are involved in the regulatory measures which are now before the legislature. The same serious problems confront the various bills which have been introduced regarding the oil business. Many bills have been introduced which will greatly regulate and restrict the major oil companies and pipelines, in addition to those bills which would impose additional tax measures directed at these companies.

In the interest of fair play, measures should not be passed which will injure the existing major companies or cause them to monopolize the oil industries at the expense of the independent operator and producers at the same time, the interest of the people must be considered in any measure which is finally passed.

Last week this writer predicted that not more than 50 per cent of the pending one thousand bills would finally be passed. The estimate this week is that not more than 25 per cent or possibly one-third of the pending measures will be considered. This is due to the highly controversial nature of the pending measures and the great amount of time necessary to pass upon these measures.

A new study of the state finances has revealed the fact that on September first the deficiency will amount to practically five million dollars. It will be recalled that Dan Moody had a great deal to say about the Ferguson administration for unloading a three-million dollar deficiency upon his shoulders. It will be seen that Moody's efforts to hold down the state tax rate for this year have worked just as great a hardship upon the Sterling administration.

It is now freely predicted that Governor Sterling will lose his fight for a new commission on oil and gas conservation. The legislature seems to be opposed to new boards. However, the Governor has not yet used his personal influence and conditions may change.

In order that some definite action may be taken to relieve the legislative jam resolutions have been adopted giving right-of-way for the rest of this session to appropriation bills and to tax raising measures.

These are absolutely necessary, as the state must have some sort of appropriations for the coming two years, but at the same time an effort must be made to increase the state revenue if there are any industries or people in the state which are not paying their just portion of taxes and may be able to stand an increase in order to pay the running expenses of the state government.

Three outstanding West Texans are prospective candidates for speaker in the 43rd Legislature and it is expected that their campaigns will start before the end of this session.

Lee Satterwhite of Odessa, former speaker of the House, has announced as a candidate. He is one of the most seasoned members of the House and one of the most valuable.

Dewey Young of Wellington is another prospective candidate. He is serving his fourth term in the House and is recognized as an outstanding member.

Coke Stevenson of Junction is another proposed candidate. He is from the hills country of Central West Texas and an outstanding lawyer.

It is hoped that legislative affairs will move faster until the end of the session. Committee work has very largely been completed and night sessions are expected to start in order that as many bills as possible may be disposed of.

At any rate it is expected that from now on until May 13th lively times will be witnessed under the big dome at Austin.

The end of the 120-day period does not mean that the legislature will close promptly on that date, but the pay of the members will automatically be reduced to $5.00 per day.

Newspaper correspondents freely predicted the first of the week that a special session would follow. In an interview Governor Sterling frowned on this idea and it is therefore expected that the regular session will continue until the first of June in order to make sure that the more important measures will be acted upon.

No solution has been found to increase the school apportionment above $14.50. Several attempts have been made to pass a tobacco tax but these have failed. Unless some tax-raising revenue measure is procured before the end of the session it is certain that the apportionment next year cannot possibly go to $17.50.

Of the 28,805 in Who's Who, only 16,433 hold the bachelor's degree. In other words, 12,372, or over 40 per cent of the leaders, on a list which tends on the whole to favor formal education, have received only a secondary education or less. Here is food for thought which we leave to the rumination of our readers.—Harvard Alumni Bulletin.

TELEPHONES

Have you noticed the different effect upon you of the manner in which different persons use the telephone?

The different answer that some operators give to your inquiry leaves you discontented; the imperious manner in which some demand, "Who wants him?" leaves you disgruntled; the raucous voice which some possess grates upon your nerves.

Then there are those cheer-producing persons who make you welcome with a pleasant-voiced "hello" and words of service packed into the short talk with them. You visualize a person fresh as a sea breeze; a person who finds life good to look upon; and the best that is in you comes to the front.

Frequently you forget the number of firms whose switchboards girl is indifferent, harsh, impolite; you never forget the number of the company whose "hello girl" says it with a vibrating smile.

The moral? (if there has to be a moral). Our own telephone voices can, and do, make toward the success or failure of this company. Into each telephone conversation we can put courtesy, friendliness, pleasantness and do it effectively in using that powerful instrument for good, when used pleasantly, the voice.—Bindery Talk.

INSURANCE OF ALL KINDS

Measured in Miles . . .

SUPPOSE for a moment that advertising did not exist—that there were no trade-marked goods—that everything you bought had to be judged by its look or feel or taste.

IMAGINE YOURSELF

Setting out to do the morning's shopping under such conditions. You'd drive down the street, looking in windows for the articles you needed—the blouses for Johnny, the half-dozen bath towels, the toilet soap, the groceries for tomorrow's meals. You'd stop, ask questions, examine the towels, smell the soap, wonder if here was your money's worth or if you might find something better farther on. And though you followed this procedure mile after weary mile, you could never be sure.

THINK OF THE SHOE-LEATHER

Computed simply in terms of gasoline and tires and shoe-leader, advertising saves you a startling sum every year. And if you add the value of your time, the amount is vastly increased.

When you buy a product that is advertised, you know in advance what you will get, how much it costs and where you can obtain it. That is why, in millions of modern homes, the newspaper advertising columns are a daily guide to purchases.

Read the advertisements, decide what you need, then buy with assurance.

Let advertising save you time and money

Spring Notes Are Featured in Lovely Affairs at Farlow Home During Week

With the arrival of the spring season, many lovely affairs have marked the social calendar and the days have been brightened by a number of pretty parties featuring gay seasonal colors in pleasing designs.

Among the attractive events of the week were the enjoyable affairs given at the home of Mr. and Mrs. G. A. Farlow, 1813 Fifth avenue, Thursday afternoon and Friday evening. Mrs. Farlow was hostess at the afternoon party while Mr. Farlow shared the duties of host at the evening function.

Bouquets of violets and tulips were seen about the rooms and a color scheme of lavender and yellow was further carried out in the table accessories and the tasty salad course served at the refreshment hour at each occasion.

Seated for the games Thursday afternoon were: Mrs. William Ash, Mrs. C. W. Batchelder, Mrs. C. R. Burrow, Mrs. Ray Campbell, Mrs. Wallace R. Clark, Mrs. Elizabeth Chandler, Mrs. J. Madison Daugherty, Mrs. John Fry, Mrs. C. R. Flesher, Mrs. Joe Gamble, Mrs. C. N. Harrison, Mrs. Oscar Eckhart, Mrs. C. H. Jarrett, Mrs. Guy Harp, Mrs. R. P. Jarrett, Mrs. J. W. MRS. CAMPBELL FAVORS EASTER MOTIF FOR PARTY

Easter colors and designs predominated in the decorative theme used by Mrs. Ray Campbell when she entertained the members of the Friday Afternoon club at her home, 1107 Sixth avenue, last week. Vases of tulips accentuated the attractiveness of the rooms where tables were placed for bridge and the chosen colors were repeated in the game accessories and delectable salad course.

Club members and special guests included: Mrs. Bill Black, Mrs. Irby Carruth, Mrs. Guy Harp, Mrs. T. H. Knighton, Mrs. J. W. Kleinschmidt, Mrs. Travis Show, Mrs. C. L. Thompson, Mrs. Clyde McElroy, Mrs. N. E. McIntire, Mrs. C. R. Burrow, Mrs. William Ash and Mrs. Hud Prichard.

MR. AND MRS. KNOX CELEBRATE ANNIVERSARY

Celebrating their fortieth wedding anniversary, Mr. and Mrs. J. B. Knox entertained their children and a number of other relatives and friends at the Knox home near Happy, Sunday.

Those who attended surprised the couple by bringing covered dishes and a delicious dinner was spread at the noon hour on a long table on the lawn. Mr. and Mrs. Knox were presented with a group gift of two large rocking chairs. They received also a number of attractive individual gifts. During the afternoon an Easter egg hunt was arranged for the younger members of the party while the others enjoyed an afternoon of kodaking.

Those present from Happy included: Mr. and Mrs. C. V. Buchanan and children, Mr. and Mrs. F. E. Culp and children, Mr. and Mrs. C. O. Hays and children, Mr. and Mrs. Emil Scheaffer, Mrs. Lela Castleberry, Lillian and David Castleberry, Mrs. E. M. Surgery, and Robert Surgery, Mrs. H. E. Knox and son Lester, Miss Juanita Culver, Miss Sue Knox, Carrol Knox and G. N. Caylor. Mr. Caylor is 94 years of age and is the father of Mrs. J. B. Knox. Others present were: Mr. and Mrs. A. A. TEST FOR GAS LEAKS

When you disconnect your room heaters to store them away for the summer, be certain there are no leaks.

To determine this, shut off all valves tightly, then watch the hand on the smallest dial on the meter, for ten minutes or so.

If this hand moves there is a leak somewhere. Do not try to find the leak with an open flame. Rub soapy water over the joints and fittings.

Clean your stoves and rub them with oil before storing them away for the summer.

Churches

CHURCH OF CHRIST

The interest continues to grow and new faces are seen at each service. The Gospel is presented in love and exactly as it is written without any changes. It is necessary for us to believe it as the Holy Spirit has given it to us. It is man's only hope of salvation and without complete obedience to it there is no hope held out. Believe and then obey the Christ.

The mid-week services on Wednesday evening at 8 o'clock are being well attended. We hope to increase this hour of study, songs and prayer to a larger number. Every Christian should be present each Wednesday. A welcome is extended to all.

The services for April 12:

Bible study, 9:45 a. m.

Preaching, 11 a. m. (The King's Highway).

Young People, 7:30 p. m.

Preaching, 8 p. m. (Christ and the Trespass Offering).

Come as you are: The Church of Christ invites you to attend all services regularly. Call on us if we can be of any assistance. Always a warm welcome to all.

JOHN O'DOWD,
Local Evangelist.

FIRST CHURCH OF CHRIST, SCIENTIST

Mr. and Mrs. Lonnie Byars and Mr. and Mrs. Steve Williams attended the Dairy Show in Plainview, Wednesday.

Sunny Slope Items

Sunny Hill School won the all-round championship in the county Interscholastic League meet with 183 points. There were five other schools in the race, and their rank is as follows: Zita, 100; Tierra Blanca, 60; Palo Duro, 56; Umbarger, 45, and Connely, 25. It has been intimated that we won the championship by default; but that is wrong, because we received 108 points by actual participation. We received 16 blue ribbons, 10 red ribbons, five white ribbons, and five loving cups.

Sunny Hill received 52 ribbons for about 80 pieces of work exhibited at the School Fair this year, as compared with 26 ribbons received last year for 36 articles exhibited. Some of these same articles received prizes at the Tri-State Fair last September.

Douglas Groom spent Saturday night at the home of Mr. Jewel Jones.

Mr. A. C. Neff made a business trip to Turkey, Monday.

The Sunny Hill Sunday school spent Sunday in the canyons.

Rev. H. C. Smith will preach here Sunday, April 12.

Mrs. Humphrey and daughter, Mrs. Carter, returned from their winter visit in the west, Sunday.

James Hines spent Saturday night with Ernest Duncan.

Mr. and Mrs. Rex Roby, Ernest and Elora Duncan, spent Friday night with relatives in Canyon.

Zita Breezes

A large crowd enjoyed the day at the J. P. Upchurch canyons Sunday. Everyone enjoyed a delicious dinner and afterwards an Easter egg hunt. Many various games were played and everyone enjoyed the day very much.

Mr. Jim Watson and H. B. Hales are entering several cows in the show at Plainview.

Mr. and Mrs. Duncan, Mr. and Mrs. Clarence Burchman, Benny Beard, Louise Upchurch, Mary Ruth Dungan and Louis Upchurch visited at the C. C. Stewart home Sunday evening.

A number of the children won ribbons at the school fair Saturday. We are glad to say that we won three cups. Miss Oletta Roddy and H. B. Hales won a cup for declaiming and one was won by Miss Annabelle Gowdy for spelling. We feel that our school has a very fine group of children and have accomplished much this year.

3 W. T. Students Go to Conference Held in Lubbock

W. T. was represented at the Third International Relations Conference held in Lubbock last Monday and Tuesday by Scott Laycock, Bill Brian, and Richard Lewis, all members of the local International Relations Club.

The conference was attended by delegates from seven colleges in West Texas and eastern New Mexico. Many of the contemporary international developments were discussed.

Bill Brian and Scott Laycock both had places on the program. Mr. Brian led a 40-minute discussion of the Russian situation, and Mr. Laycock took part in the discussion of Pan-American problems.

The conference closed with a banquet at the Lubbock Hotel at which Miss Amy Hemingway Smith of New York City spoke on "The Present World Situation."

THE EAGLE'S TALE

VOLUME NO. 5 CANYON, TEXAS, APRIL 9, 1931. NUMBER 28

It is sure hard to write on one thing when your mind is on something else. Ever tried it? This will probably end up with a thesis on fried eggs, or how to oil a washing machine or something, etc. Gas 11c.

Finally the "all-star" cast for the Senior play has been selected. The players ought to be good actors —they are not much good for anything else. Just the same, if I find four-bits, fifty cents, or one-half of a dollar I shall warm a seat on the front row four seats from the north side. All are urged to attend this masterpiece of the twentieth century. I mean the Senior play. Since Unkle Cactus is not in it, it will probably be a fairly good play. Gas, 10c.

There are lots of things to wonder at. Some people look at me and wonder what I am. The present cause for wonderment is C. H. S. prospects in track April 25. I'll bet a rusty penny Tucker beats Bufkin of Amarillo in the quarter. How will Slats and Wilford come out in the half and mile? Talking about wondering—ever look at Willard's legs and wonder what made 'em so l-o-n-g? Track meet,—wonder how I'll get in. Spring and fall tickets are out of date. Aw, shucks, times ain't so hard as some folks think.

Do your shopping in Canyon.

Stomach Troubles Headache and Dizziness

If your stomach is sick, you are sick all over. If you can't digest your food, you lose strength, get nervous and feel as tired when you get up as when you went to bed.

For 10 years Tanlac has restored to health and activity many thousands who suffered just as you do.

Mr. Daniel Vinciguerra, of 6200 Stiles St., Philadelphia, Pa., says: "I have not had a dizzy spell or a headache since taking Tanlac. My nerves are in better shape and I can enjoy a good night's sleep."

Let Tanlac help you too. It corrects the most obstinate digestive troubles—relieves gas, pains in the stomach and bowels, restores appetite, vigor and sound sleep.

Tanlac is made of roots, barks and herbs. Costs less than 2 cents a dose. Get a bottle from your druggist today. Your money back if it doesn't help you.

MANY VARIED PROGRAMS OF INTEREST HAVE BEEN GIVEN IN HOME ROOMS

Among the most interesting organizations meeting during the activity period are the home rooms. During this period, on Monday and Friday, a brief educational and entertainment program is held. The following are some of the programs presented by various home rooms:

Miss Rusk's Home Room

One of the most interesting programs that has been enjoyed by Miss Rusk's Home Room was a talk on the Philippine Islands by Annie Johnson. She gave a very vivid picture of the Filipinos and their country. Another program which they enjoyed was on how to spend leisure hours. The members discussed how they spend their time, and how the use of their leisure hours could be improved.

Miss Dickerson's Home Room

Miss Dickerson's Senior Home Room had an educational as well as interesting program on the T-Anchor Ranch. Oressa Hastings gave the history of the ranch; Fred Marshall gave the social and economic life of the Comanches; Katherine Bryant read "The Pioneer Settler," and Herbert Slack gave a report from the Record Book.

The members of the home room found out that there were four members who had some musical talent when Mary Orton, Elizabeth Faulkner, Martha Ann Keirsey, and Oressa Hastings gave a musical program. Mary plays a cornet; Elizabeth and Martha Ann, violins, and Oressa, the piano.

Round Table Club

The Round Table Home Room has had a series of programs on different countries which are very educational. They have had a study of three countries so far, Mexico, Norway, and Sweden.

In making a study of these certain members make a report about the physical features and customs of the people, sports, physical geography, their educational system, and the main industries.

Every Monday and every other Friday the Round Table Home Room has an educational program about different countries, and every other Friday they have some sort of entertainment such as a musical program, debate or story.

Live Wires

Texas has proved to be an interesting study for the 10-A Livewire Home Room. Really surprised at their lack of knowledge concerning their home state, the members have had a series of Texas programs.

Wide-Eyed Wonders

The Wide-Eyed Wonders have been having programs about a few of the noted men of America. A debate was given on the presidency of Washington and Lincoln.

High Flyers Club

The High Flyers Club had one of its most interesting programs of the year when they had a program on Elizabeth Barrett Browning who was a noted English poet. Other programs that have been given are on inventions and short stories.

Screech Owl Club

A talk was given by Miss Dickenson in Miss Weter's Home Room about her ocean voyage. She showed the club some pictures of the boat she went over on. She also had a model gondola, a Dutch cap and a pair of wooden shoes. The program was enjoyed by everybody.

The Minnow Council

One of the best programs given in the Minnow Council consisted of a piano solo, "O Solo Mio," by Laura Fern Brian; a descriptive talk on Spain by Rosa Cash, and a reading, "A Telephone Courtship in Spain," by Lena Wade Jennings.

Business Is Discussed At Pep Meeting

A meeting of the Girls Pep Squad was held Thursday, April 2, at noon. This was the first meeting that had been held since basketball season was over. The members were requested to pay 10 cents to cover the expense of a group picture of the Pep Squad that was put in the annual.

Pep songs and yells were practiced. Members of the boys' pep squad came to the meeting. They helped the girls sing and yell. It is hoped that by next year there will be a big, and peppy boys pep squad. Members of the athletic teams appreciate what the girls and boys pep squads did this year.

APRIL FOOL HOLIDAY

The school board played an April fool joke on the students of C. H. S. and changed the plans of many of them by giving a holiday on April 1.

The sunburned faces of several girls and the added freckles of the boys made the teachers believe that the day had not been spent in studying.

Chapel

The chapel program on Thursday was in charge of the "C" Club. Mr. Mitchell Jones, a former coach of Canyon High and a W. T. ex-student, was the speaker. His speech, which was on athletics, was thoroughly enjoyed.

He told of his experience with former C. H. S. Eagles, and he really made the students appreciate their team and have a higher appreciation of athletics as a whole.

EX-STUDENT NEWS

By NAN JOHNSON

Cleveland Jones graduated from Canyon High School in 1926, and from W. T. S. T. C. last year. He was a star basketball and football player in both high school and college. This year he is coach in Dana College in Nebraska.

Miss Anice Smith, who is also a graduate of Canyon High School and West Texas State Teachers College, is one of the fourth grade teachers in the Canyon Ward School now.

"THE FIRST EASTER" GIVEN

The Girls' Glee Club of Canyon High School, under the direction of Miss Flora Lou Scott, presented a cantata, "The First Easter," at the Presbyterian church, Sunday evening. They were accompanied at the organ by Mrs. Lee Foster.

Soloists in the canta were: Jeanette Golden, Rosa Cash, Margaret Seay, Anice Myers, Clara Sanders, and Alice Smith. This cantata was enjoyed by a large audience.

WORKING WOMEN

If it doesn't do anything else, the unemployment flurry that has been sweeping the nation promises to bring about a settlement of the old question: "Should married women hold business jobs?" So warm has the discussion grown that hundreds of appeals have been made direct to the government asking it to set an example. It is argued that if married women who have husbands capable of supporting them could be dismissed now it would provide places for thousands of men and dependent widows and girls who are acutely in need of jobs. On the other hand, the married women employes are said to be lining up to fight such a proposition to the bitter end. Already the argument has spread to the industrial world, and factory heads are faced with a hard problem. Newspapers are for once showing rare judgment in refusing to express an opinion either way. They recognize that the question is one that is "loaded at both ends."

Most men who are successful as specialists make the mistake of thinking they know all about everything.

ANOTHER USE FOR COTTON

Chicago's Union Stock Yards, to which thousands of cattle are shipped yearly from this state, offers a market for another product not usually associated with the meat packing industry, cotton

Just as one type of cellulose is used for the wrapping of candy, cigars and sundry other merchandise, so is cellulose, made from cotton linters, now used extensively as casings in the sausage industry.

Some ten years of experimenting was necessary before cotton linters could be successfully made into cellulose tubes for this use, but now it is possible for the customer to see through the transparent casings, and tell as to its freshness and purity. Will wonders never cease?

CANYON HIGH RACKETEERS WIN A DECISIVE VICTORY OVER THE HEREFORD SQUAD

Canyon High School won a decisive victory over the Hereford net men in a match held last Thursday, April 5, in Canayon. The C. H. S. racketeers met much stiff opposition, but by smooth playing they overcame their opponents.

By far the most interesting match was the boys' singles, between Clarence Wooten of Canyon and Woodrow Ireland of Hereford. The first set ended 7-5 in Wooten's favor, and in the second he forged ahead and stayed in the lead to win a 6-4 set.

The second best and the tightest match was the girls' doubles. Canyon was represented by Mabel Schmitz and Orlene Gunter against Elaine Newall and Estelle Gilliland of Hereford. Hereford won the match 5-7, 6-1, and 6-4.

The boys' doubles ended 6-4 and 6-3 in Canyon's favor. The representatives of Canyon were Billie and Arthur Robinson, while the Hereford men were Baker and Bartley.

Arthur Robinson, a C. H. S. man, won a boy's singles match, 6-3 and 6-1, from Edwin Holland of Hereford.

Mary Orton of Canyon won over Beatrice Buchanan by 6-0 and 6-1.

Senior Girls To Give Speech Recital Friday

Next Friday night, April 10, at 7:30 o'clock in the High School auditorium the following program will be given by senior girls who are members of the speech departpartment:

Lucile Davault, "Little Joy Ride," "Lady Bellingham's Burglar," "Getting Ready for the Train."

Charline Wiseman, "Rich, Richer, Richest," "The Lost Joy."

Amogene Fowler, "Lasca," a musical reading; "Clock Speaks."

Bettye Sternenberg, "Heart Interest," "Oh, No!" "Aux Italiens," a musical reading.

"A Midnight Fantasy," (in costume) — Charline Wiseman and Amogene Fowler.

The public is cordially invited to attend this recital.

NOW IS THE TIME

How much can happen in a day! A letter, a telegram, a telephone call, announcing death or other catastrophe can tear us from our path and send us spinning down a new byway.

A sharp word, a frown, or the utterance of an unsuspected thought, upsets our fortunes, our hopes and our ideals.

A moment ago we were in our emotions of happiness and love; now we are sunk to the blackest pits of despair.

When we thus reflect; how important is the present moment if we are to enjoy life to its fullest.

If we have kindly thoughts to express, now is the time to express them.

If we have energy for achievement, now is the time to release it. If we have worthy emotions involving others, now is the time to liberate them.

Let us live worthily now. In five minutes the tide of affairs may be moving us in another direction.—National News.

They say worry never gets a fellow any place, but it keeps him wondering where he is going to get off.

Help Keep Canyon Clean.

SENIOR CLASS PLAY

The Senior class play was chosen last week, and tryouts were begun. The play is "The Country Cousin," by Booth Tarkington. This play will be presented in the High School auditorium, May 8.

DREAD DISEASE TAKES C. H. S.

There is abroad over Canyon High School a disease, almost deadly, that is alarmingly contagious. No student seems to know where it has come from, but we each know that something ails us. It prevents study or even thinking. We can hardly force ourselves to get up in the morning; and after having accomplished that, we yawn every minute or two and feel so drowsy we almost go to sleep while standing.

This dread disease saps our energy and is responsible for all our unprepared lessons. It makes us late to class, causes us to fail to get the assignments for tomorrow's lessons, and turns our fancies to—everything but work. What ever goes wrong, this inevitable disease is to blame.

There seems to be only one remedy for this malady. It isn't cold baths or hot baths, pills or castor oil, but the periods of cold weather that come in between the warm spring days. Many have been the words of thanks given by our parents, teachers, and friends for these days of respite during which the sufferers partially recover. However, before the recovery is complete the weather moderates and we all have a relapse.

The most dreaded stage of the disease is that when the affected student begins to believe that he is acting in a slow motion movie. Woe is it then, to any parent or teacher who expects to see a command executed quickly, because they are doomed to disappointment. The only thing we want to do is to sit and wait—for summer and relief.

Spring fever has us in its coils!

Like Coffee . . . the best Gasoline is Blended

THE sun beams cheerfully through an eastern window. The subtle fragrance of the morning coffee adds zest to the morning air, advance notice of the joy to come as you give the "cup test" to the coffee *blend* of your choice. Coffee roasting is important, of course, but the most skillful roaster cannot make a popular coffee from just one type of coffee bean.

The coffee connoisseur would not deign to drink coffee made from a single type of bean. Neither should the thoughtful motorist allow an unblended gasoline to go into his fuel tank. Gasoline must be blended if it is to possess all the vital properties contained in the three types of gasoline.

CONOCO Gasoline *is* blended, just as carefully as the finest coffee.

In CONOCO *blended* gasoline you'll find: Natural Gasoline, for *quick starting*; Straight-run Gasoline, for *power* and *long mileage*; Cracked Gasoline, for its *anti-knock* qualities. Motorists are fast learning that this is so. The result is a fast increasing group of gasoline connoisseurs who have added to their knowledge of the good things of life the fact that good gasoline must be *blended*.

The CONOCO Red Triangle marks the spots where CONOCO Balanced-Blend Gasoline may be found. Try it today.

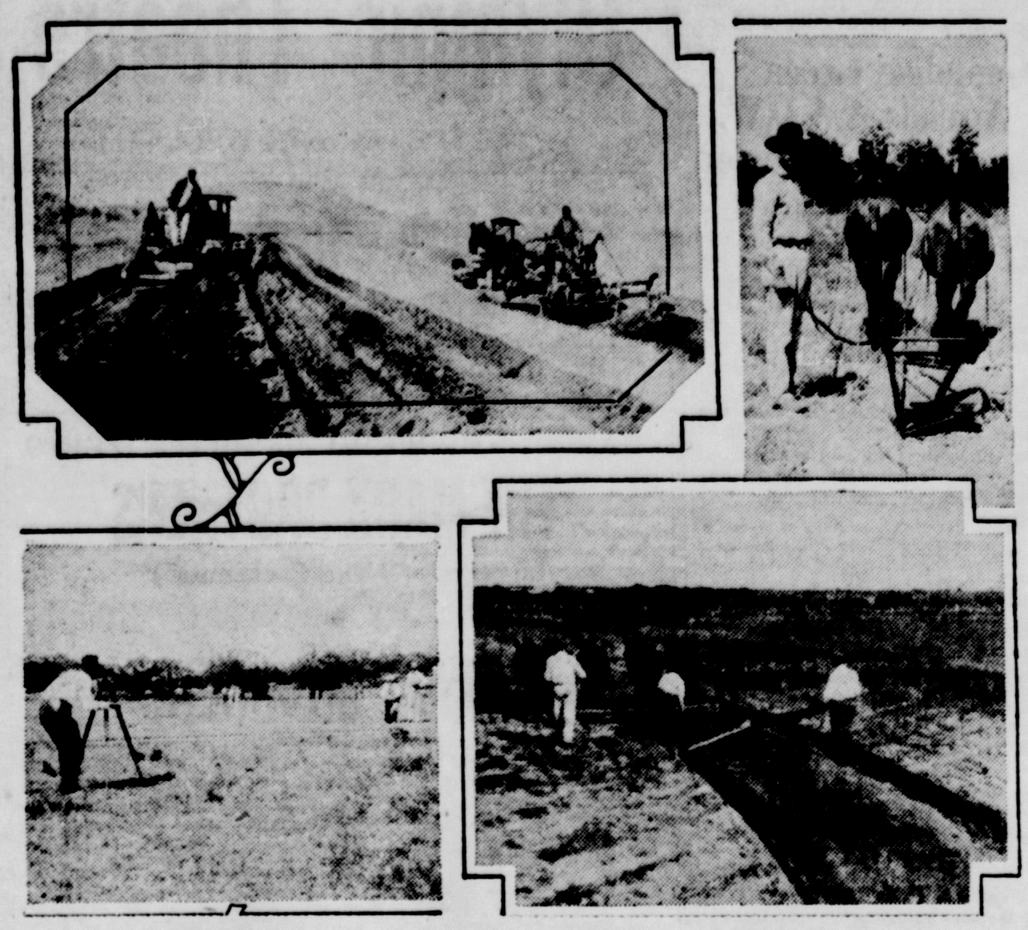
TEXAS MAKING GREAT PROGRESS IN TERRACING



Upper left: County road machinery building terraces of J. L. Raegen's farm, Taylor county, at cost of $1.35 per acre. Lower left: Farmer learning to run farm level in Denton county terracing school. Lower right: Building terrace with farm ditcher pulled by mules on Frank Saimino's farm, Brazos county. Upper right: Fair of mules and turning plow used by Angelina county farmer to build terraces.

COLLEGE STATION.—The increased use of county road machinery in terrace construction, and the rapid increase in number of men and boys trained by county agents to use the farm level in laying out terrace lines are prominently listed by M. R. Bentley, agricultural engineer, Texas A. and M. College Extension Service, in accordance with the 925,450 acres terraced or contoured in 1930 to prevent soil erosion and to conserve rainfall. This is an increase of 50 per cent over the total of 1929, and brings the grand total to about four and one-half million acres since 1916 when county agents began terracing in earnest. Of the 254 counties in Texas, 201 showed terracing activity in 1930.

It is estimated that about 12 to 15 counties were using rod machinery from county commissioners last year. The cost varies from a little more than $1 per acre down to as low as 30 cents per acre. East Texas and Central Texas counties seem to be using heavy road machinery for terrace construction as much as West Texas counties.

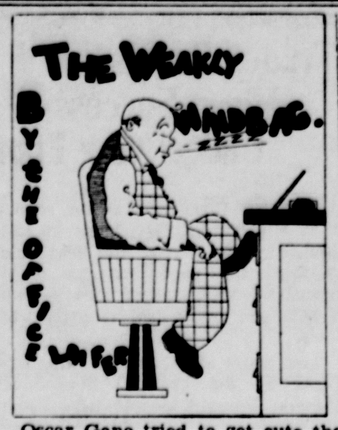
A total of 1212 terracing schools were held in Texas in 1930 by the Extension Service, part of them in co-operation with the Federal Land Bank of Houston and with various local and commercial organiaztions, and a total of 3810 men and 2585 club boys were trained to lay out the lines. A total of 730 farm levels and 864 terracing machines of various kinds were purchased by them.

Terraces are considered one of the first essentials in building better farming, and county agents develop their best field crops demonstrations with corn, grain, sorghums, cotton, orchards and the like on hand that has first been given a chance by terracing. Early plowing, cover crops, fertilization, good seed, insect and disease protection are the follow-up steps in field crop demonstrations that brought substantial savings to thousands of farmers last year.

The first 25 Texas counties according to acres of land terraced or contoured to January 1, 1931, as ranked by Mr. Bentley are: Runnels, Jones, Smith, Haskell, Bowie, Limestone, Scurry, Nolan, Rusk, Navarro, Lubbock, Fisher, Dallas, Shelby, Van Zandt, Garza, Montague, Mitchell, Hall, Collin, McLennan Mills, Lamar, Williamson and Cass.

Texas counties showing 50 per cent or more increase in 1930 over 1929 in land terraced or contoured are: Collingsworth, Hall, Wichita, Haskell, Knox, Wilbarger, Archer, Lamb, Lynn, Coleman, Taylor, Falls, Dallas, Lavaca, Fayette, Bee, Erath, Coke, Throckmorton, Swisher, Stephens, Randall, Hardeman, Howard, Midland, Menard, Denton, Childress, Cottle, Dawson, Lubbock, Leon, Madison, Hemphill, Potter and Gonzales.

Do your shopping in Canyon.



Oscar Gano tried to get cute the other day and called me the "town loafer" in the presence of Bill Bryant. Really it is all uncalled for, but one guess is as good as another. The reason for Golfin Gano's outburst may be attributed to the fact that he has not been in the limelight of publicity in these columns during the winter months when golf was a dull subject to those who had to dodge every time they entered the front door of Gano's office. Golf balls have been put to trying tests this winter in that office on the southeast corner of the square.

Well, it's been a long time since poetry has been reproduced here, but now let's take a squint at this one:

"Now you don't hear no mournful sound,
'Cause Polly ain't nowhere to be found."

Yes, it's a fact that Squeek Stratton had to have his rodeo postponed last week in order for him to run down the clues to the robbery of Palace Hotel on the night of April 1, when Polly the parrot mysteriously disappeared.

Squeek's first clue that he advanced was that the taking of Polly was an April fools joke, but Dad Scrutchins says that no foolish ones have returned the parrot.

Our "promising" young attorney-to-be, J. D. Gamble, Jr., favors a resolution to stop petty crime. Young Gamble gets the "promising" part of his title from the reputation that he promises his clients free room and board, at the least, when he takes their cases.

If more folks would quit trying to reform this world, but instead try to make it a better place in which to live we'd all be better off, Farmer Hogfissel was heard to remark while on the streets Saturday.

Speaking of returning prosperity, as one will, here is what H. I. Phillips says in the New York Sun:

1. Some of the golf clubs are reporting a waiting list again.
2. People may not be saying, "Fill her up," at the pumping stations just yet, but they have ceased saying, "Oh, a gallon will be enough."
3. Restaurants report a renewal of spirited battles over the check, and some of them look sincere.
4. The women report a gradual improvement in the quality of bridge prizes. Nobody has won a five and ten cent store lampshade in weeks.
5. Penny ante poker games have declined 7.02 per cent in the last three months.
6. Many pedestrians now stop to look at the models in the automobile windows.
7. Venders are able to sell apples without a high polish.
8. Street cleaners report that cigar butts aren't nearly so short as during 1930.
9. Occasionally you see an automobile spare tire rack with a spare tire attached.
10. Hosts are beginning to offer a third cocktail and in some circles a fourth.
11. Butchers have ceased swooning when a customer asks for a porter-house steak.
12. There has been a noticeable decline in the number of people shopping around before they buy razor blades.
13. More men are getting their haircut regularly.
14. The study of checks after the restaurant dinner is becoming much less intensive and arguments with waiters over the charge for bread and butter and that fewer suitcases are held together with rope.
16. You may have noticed that the hostess with the electric piano has a new roll at last.
17. More people are saying "Yes" unhesitatingly when the waitress asks, "Any dessert?"
18. Sables are not drawing indignant looks.
19. They are beginning to sell fruit in fruit stores again.
20. You can drop a penny in a crowded street without causing a major panic.
21. People are saying, "Won't you stay to dinner?" as if they really meant it.
22. It is now a little safer to leave the children's bank around the house.
23. A big service station has furnished an affidavit that an automobilist came in a few days ago and ordered the car overhauled without asking the price.
24. There are fewer roadsters on the road with the glass out of the headlights.

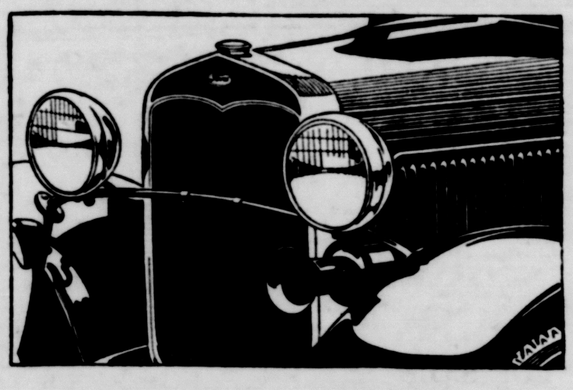
ANOTHER EXAMPLE OF FORD VALUE



Bright, enduring RUSTLESS STEEL is used for many exposed bright metal parts of the Ford

WHEN YOU BUY a Ford you buy enduring beauty. The body finish is made to last for the life of the car and practically all exposed bright metal parts except the bumpers are made of enduring Rustless Steel.

This Rustless Steel has great tensile strength. It is the same bright metal all the way through. A salt test equivalent to forty years' service under the severest weather conditions failed to have any effect on its brilliance. It never requires polishing. All you do is wipe it with a damp cloth, as you do your windshield.

This is just one of many features that show the substantial worth of the Ford. In speed, comfort, safety, economy and long life — in the richness of its finish and upholstery — it brings you everything you want or need in a motor car at an unusually low price.

Call or phone for demonstration.

Backache, Headache

Henderson, Texas—"I suffered continually with severe backache and blinding nervous headaches. I was forced to take to my bed each month and, in short, was a nervous wreck. Recalling to mind the marvelous results my mother had obtained from Dr. Pierce's medicines, I decided to quit the doctor and give this treatment a trial. After taking **Dr. Pierce's Favorite Prescription** I gained eleven pounds, lost my headaches and backaches and have not been obliged to take to my bed since."—Mrs. J. Y. Welch. All dealers.

USE MORE—IT COSTS LESS

Your Electric Service is so arranged that you pay only for what you USE—or for that fraction of expensive equipment which must be reserved for your use instantly!

Assuming that electrical usage was confined exclusively to light, as it once was, it would not be possible for you to enjoy this service at present low levels of rates.

Hence every *Electrical Appliance* you add to your household equipment does its part toward lowering the cost to you for current consumed in your service. Certainly there is supreme satisfaction in this thought: that the greater degree with which you take advantage of our service, the less its cost will become through usage by you.

GOOD HERD SCHOOL HELD AT COLLEGE

The second annual herd school of the Panhandle was brought to a close Saturday afternoon as the concluding three-day program ended. The school, held at the college and sponsored by the agricultural department, covered a broader scope this year than that of last year and had a large number of prominent men as speakers. Included on the program were a number of men prominent in both the state and nation.

Charles H. Alvord, southwestern representative of the Federal Farm Board, was one of the principal speakers on the first day's program. Others were: Dean A. H. Ludigh, of the Texas Technological College, Lubbock; Dr. Verne Scott, Stephensville; C. C. French, Fort Worth, and C. C. Bennett, Amarillo.

At Friday's meeting a resolution was passed by the body to send a message to the legislators of this section, requesting that support of the bills now before the state legislature which will be of direct aid to the dairying farmers of the state.

The program Friday was mostly concerned about dairying and the control of diseases among dairy cattle.

The closing day of the school was devoted principally to poultry and poultry raisers problems. E. N. Holmgreen, poultry specialist of the Texas A. & M. college was on the program and gave two talks Saturday. A. L. Darnell, dairy husbandry specialist from Texas A. & M., was the principal speaker on Friday's program.

The high point in attendance was reached Friday when the largest crowd of any one day was present. Prof. Frank R. Phillips of the agricultural department of the college, expressed his satisfaction over the interest shown for all three days and at the conclusion of the school announced that it would become a permanent annual feature of his departmental work.

MR. AND MRS. WALKER ARE VISITING IN SAN ANTONIO

Word reached the News this week that Mr. and Mrs. J. J. Walker are now in San Antonio and plan to go on to Corpus Christi and the valley in the very near future.

Mr. Walker is much improved in health and Mrs. Walker is convalescing following an operation for the removal of her tonsils. They expect to be back home in Canyon in about five weeks.

Another person's worries are always hard to understand.

Living to a ripe old age would be much easier if it were a little less expensive.

Trades Day Is Huge Success Under New Plan

Business firms of Canyon report that the Trades Day held on last Saturday was one of the best held during the past six or eight months. The largest crowd seen in Canyon in several months was here.

The many attractive bargains offered by the business houses of Canyon brought people here from all sections of the Canyon trade territory. The success of the day is attributed to the co-operation of all firms in advertising for the day.

Due to unavoidable handicaps the old fiddlers contest which was announced as a substitute for the rodeo was postponed. Instead a number of musical selections, were played on the fiddle and guitar by El Rusk, champion fiddler of the Panhandle, and Ray Cheyne. They played at several places on the square during the afternoon.

It is stated that plans are already under way for a very interesting program for the next monthly event to be held on May 2.

Geraldine Green Attends A.A.U.W. Meet in Boston

Mrs. Geraldine Green of W. T. who is on leave of absence studying at Columbia University, will attend the Fiftieth Anniversary convention of the American Association of University Women in Boston from April 8 to 11.

The convention will be held in the Hotel Statler in Boston. A splendid educational program has been worked out and the work of the convention will be centered on pre-school, elementary, and adolescent education and the junior college.

The real bore is the fellow who tries to tell all he knows at one setting.

The fact is, you just can't standardize farmers.

Some men spread themselves out so thin that they lose the real flavor of friendship.

Maybe it's impossible to take the sentiment out of farming.

Every four years enough new homes are built in this country to make a city the size of New York.

A new job is the best remedy for the loss of an old one.

A modern small farm is just about the most interesting and delightful place in this world to dwell.

Illiteracy among women is decreasing faster than among men.
